PROFESSIONAL SUMMARY

Mr. Smith joined the team at BEE Consulting, LLC in July of 2018 as a Project Inspector. He serves as a field inspector in regards to the details of building envelope waterproofing. His attention to detail and dedication to getting answers is a strong asset to the envelope inspection role. Mr. Smith fulfills an exacting and detailed role as part of BEE's Field Services Team. In December 2019 Mr. Smith earned his CDT (Construction Documents Technologist) designation.

Prior to BEE Consulting, Mr. Smith worked at Designer Portrait Studio marketing to clients to provide photography services. He also set-up photo shoots, providing the photography services for the shoots and did the layout of the photos. Mr. Smith also worked at Two Solutions Studios doing similar duties as well as hiring personnel, acting as videographer, creating work, and processing procedures. Mr. Smith's varied background makes him an excellent fit for the role of Field Services Consultant with BEE Consulting.
