### *EDUCATION*

Associate's Degree, School of Drafting & Design  
ITT Technical Institute, 2008

### *EXPERTISE*

Computer Aided Design Drafting  
Building Envelope Details Analysis  
Architectural Design

### *PROFESSIONAL SUMMARY*

Mr. Jones joined BEE Consulting, LLC in June of 2015 and currently serves as a Drafter. In this role, Mr. Jones' responsibilities include creating detail drawings and preliminary designs of building envelope details for multiple projects that include residential, municipal and commercial projects.

Mr. Jones graduated from ITT Technical Institute in 2008 with an Associates Degree from the School of Drafting & Design.

Prior to Mr. Jones' employment at BEE, he worked as a CAD Consultant for the School of Drafting & Design for seven years. Prior to that he assisted in the design and fire protection related drawings, matrices, one-line diagrams and exhibits at AEGIS Engineering in Mukilteo. He was also responsible for preparing electronic layouts, charts, detailed scale drawings, equipment requirements from sketches, specifications and standard layouts provided by customers and consultants.
