PROFESSIONAL SUMMARY

Mr. Smith joined BEE Consulting, LLC in September, 2018 as a Testing Technician in our Testing Department. In his role, Mr. Smith conducts Air Barrier and Window Testing projects and provides a follow up report. His certified testing experience has positioned him for success at BEE and provides him an opportunity to utilize not only his testing skills but his repair, maintenance, timeline management, and customer service skills as well.

Prior to working at BEE, Mr. Smith worked for three years as both a Field and Lab technician at National Certified Testing Laboratories in Everett, WA.

BEE values the experience and skills Mr. Smith brings to the BEE Team.
