Stucco & Concrete

*PROFESSIONAL SUMMARY*

Mr. Thao joined the team at BEE Consulting, LLC in January of 2012 as a field services consultant. His field experience, attention to detail and product knowledge is a strong asset to the envelope inspection role. He now serves as the Field Services Manager.

Mr. Thao entered the construction trade in 1997 in a Seattle Construction Repair firm Tatley-Grund Inc. Over the last 15 years, Mr. Thao has specialized in the application of a variety of sealants, coatings, EIFS, stucco and concrete on many diverse projects.

In a supervisory role, Mr. Thao was a mentor and teacher to many of his coworkers giving them a better understanding of sealants and coatings and their applications.

In addition Mr. Thao has been involved in numerous window tests and leak investigations.

In April 2016, Mr. Thao was promoted to Field Services Manager where he oversees a team of Field Services Consultants. Mr. Thao is a valued member of the BEE team providing extensive knowledge of the construction industry and field knowledge.
